

Phase 1 – Idea Submission (Both CSE and ECE)

Submission Period: 01/07/2026 12:00 AM – 08/07/2026 11:59 PM

Each team shall create a GitHub repository using the following naming convention:

```
Team<Number>_<Project_Title>
|
|— 01_Project_Proposal.pdf
|— 02_Work_Per_Person.pdf
|— 03_Supporting_Files/ (Optional)
|— README.md
```

Submission Process

Create a **GitHub repository** for the project.

Upload all required documents to the repository following the prescribed folder structure.

Ensure the repository is accessible to the project coordinators (public or by inviting the coordinators as collaborators, as instructed).

Submit the GitHub repository link in the google form. (

<https://docs.google.com/forms/d/e/1FAIpQLSesrwGnDiHRd1tHTlie3MZ2aAznYQbmqsJqxNxVMekLvFOG0g/viewform?usp=publish-editor>)

Each team member should contribute using their own GitHub account.

Keep documentation updated as the project progresses.

Required Files

Project_Proposal.pdf (Mandatory)

Prepare the proposal using a professional technical documentation format.

Teams are encouraged to refer to recognized documentation standards such as IEEE Conference Format, ACM Manuscript Format, or other established academic/industry formats.

Include all references at the end of the proposal using an appropriate citation style.

Work_Per_Person.pdf (Mandatory)

This document shall summarize the individual contribution of each team member during Phase 1

Supporting_Files (Optional)

Teams may include additional supporting materials such as: Wireframes, Flowcharts. If needed.
